which was the last tournament that Arnold won. Jim and **Billy Stinson's** brother **John** were in Co-Chairs of course set-up and takedown of all ropes and leader boards.

**Billy Stinson** announced that *"the Hokies are back"* after their win Saturday and commented that he had many encounters with **Arnold Palmer** and feels he was the nicest professional athlete he has met.

**Bob Stallworth** added his sentiments about Arnold Palmer. He and other Club members worked the parking venue at the Crestar Classic and Bob had the opportunity to escort Arnie to the locker room after the tournament.

**Joe Crockett** was happy to report that his **daughter Carly** presented them last week with their third grandchild, **Jonathan Crockett Philp**. He edited last week's Bulletin while in the waiting room for the delivery.

**Wayne Woodcock** had a red "Beef is What's for Dinner" apron from his prior days working the MMFF in the Beef Tenderloin tent. He presented it to the current Beef Tenderloin venue captain, **David Denson**.

**Andy Foldenauer** was proud that he and **wife Janet** won the "Clash of the Couples" - a game competition as part of a neighborhood social last weekend.

**Dave Saunders** was happy to be a keynote speaker at the District Conference. He left for New York early the next morning to accept one of nine awards from the International Association of Advertisers for his work for the Virginia Office of the Attorney General.

**Chris Winslow** was happy that **daughter Kate** had her 4th birthday and that the Redskins pulled out a much needed victory over the Giants.

**Kyle Woolfolk** was traveling while Auburn was playing LSU and recording the game to watch later. Despite his best efforts not to know the outcome of the game, his phone kept lighting up with mixed messages both offering condolences for the loss and congratulations for the victory because of the unusual ending. We needed **Tom Yeager** present to comment on this one!

## Program - Club Assembly

**Fred Taylor** gave a report on efforts to establish a Rotaract Club at the ECPI Moorefield campus. He and Bill Manson met with a representative there to discuss trying to get a club started this Fall. ECPI has approximately 500 students split between day and night classes. They attend concentrated 5 week classes so there is a high turnover of students. Currently they are trying to identify involved students to lead the effort to establish a Club.

**Robbin Kolbe** gave a report on the Service Committee's consideration of **Richard Adam's "Rock Solid" proposal**. "Rock Solid" is a program developed in Chesapeake Virginia for children who have been treated for cancer. Children who have a good prognosis are nominated by the hospital where they have been treated. They are invited to go to a movie. While they are gone, a playground is constructed in their yard by 10 to 20 volunteers who put together pre-packaged structures that each cost \$3500. Committee members are encouraged to give feedback on her email
